

## Manual Amendment

*These amendments have been authorised to the text of MotorSport Manual Edition 35. It is recommended that in addition to retaining a copy of this amendment that all parties modify the actual text in their Manual according to the following:*

---

### Appendix Two, Schedule A – Driver and Vehicle Safety

#### Amendments to Schedule A in Manual 35:

1. Amend Part One, Article 4.8(3)(a) as stated in the schedule below.

---

1. Item One:

4.8 Fire extinguishers:

(3) **Mounting / Location:** Extinguishers shall be installed in accordance with the following:

- (a) For hand-held extinguishers, a metal retaining system incorporating a quick release metal strap/s shall be fitted (a minimum of two(2) quick-release metal straps shall be required from 1 January 2013), secured to the structure of the vehicle by a minimum of two(2) self locking ISO 8.8 M6 bolts with panel washers. All hand-held extinguishers shall be positioned within easy reach of the occupant/s while in their normally seated position (not mandatory for Single Seater vehicles).
- (b) For mounted (plumbed in) systems, each storage cylinder shall be installed with a minimum of two(2) metal straps and four(4) self locking ISO 8.8 M6 bolts with panel washers or in accordance with the manufacturers mounting instructions. The occupant(s) shall be able to trigger the extinguisher system while in their normally seated position. For closed vehicles, an external triggering device located at the base of the windscreen may also be fitted, and
- (c) Extinguishers shall be mounted so the gauge is visible at all times.

**Reason:**

*To correct omission.*

---

*This amendment is issued for MotorSport New Zealand Inc by the Administration.*
