POST EVENT SUMMARY

Section	
Pre-event	Five Championship entries failed to present Logbooks at either scrutineering venues as is required under the Championship Portfolio.
Remote refuels	Many service crews are still not meeting the fire extinguisher requirements stated in the Code of Practice for Fuel Handling. A written brief will be circulated to all competitors before Round 5 with the intention of strictly enforcing this at the final 2 rounds.
Scales	The recently repaired and calibrated weigh scales failed to operate on event so planned weighing was dispensed with.
