6 DETERMINATION OF THE CHAMPIONSHIP

6.1 A competitor wishing to score points towards the overall Motorsport NZ ClubSport Championship, Junior ClubSport Championship and the Women in Motorsport Ladies Championship shall:

- (1) Enter all three(3) events prior to the close of Championship entries; and
- (2) Complete at least one(1) official timed run in each event.

- (3) Only enter one(1) vehicle for the Championship and in each event that makes part of the Championship, this being the vehicle detailed on the entry.
- 6.2** A competitor may enter one(1) or more of the three(3) events forming part of the Championship and be eligible for the award pertaining to that particular event (e.g. enter the Autocross and be eligible for the Autocross Champion's award). In such cases the competitor and vehicle must conform to all the other requirements of these Articles.
- 6.3** Points will be scored in the following manner for each competitor's overall Motorkhana time and for each competitor's fastest run in the Bent Sprint and the Autocross:
- (1) Identify the "Winners Time" for each Event by finding the fastest time including penalties.
- (2) Calculate each competitor's points (rounded to two(2) decimal places) for each Event, using the following formula:
- $$\text{Your Points} = (\text{"Winner's Time"} / \text{"Your Fastest Time"}) \times 100.$$
- e.g. The winner's time for one(1) event is 200 seconds, your time is 300 seconds.
The winner will score $(200/200) \times 100 = 100$ points, while you score $(200/300) \times 100 = 66.67$ points.
- 6.3.1** Add the points from each event together to give each competitor's overall score.
- 6.3.2** For the calculation of overall Championship points, the results of competitors who have not entered the full Championship will be disregarded, i.e. the highest placed full Championship entry will gain the maximum points for each event, regardless of their overall placing in that event, and all Championship points will be calculated based on that time. The same procedure will be used to determine the Junior Champion and the Women in Motorsport Ladies Champion.
- 6.4** In the event of a tie for any of the titles, the Championship Coordinator will apply the following criteria:
- (1) Take into account the number of timed runs forming part of the Event in question and consider the tied competitors' best times in each of the official runs with the title being awarded to the competitor with the superior number of fastest times over the other tied competitors.
- (2) Should a tie still exist then the best times of each affected competitor shall be averaged with the title being awarded to the person having the best averaged time.
- (3) Should a tie still exist then the Championship Coordinator shall refer the matter to MotorSport NZ who shall base its choice of title winner using other such consideration it deems appropriate or it may decide to appoint joint title winners
