

ARTICLES GOVERNING THE 2026 NEW ZEALAND RALLY CHAMPIONSHIP

PREAMBLE:

MotorSport New Zealand Inc hereby declares the following Articles to be those governing Competitors and Technical Eligibility in the 2026 MotorSport New Zealand New Zealand Rally Championship.

The Championship is held under a MotorSport New Zealand Sanctioning Permit Number: 269002

The Championship is organised and held in accordance with the current MotorSport New Zealand National Sporting Code, and these Articles are at all times to be read in conjunction with:

- The current MotorSport New Zealand [National Sporting Code \(NSC\)](#) and its appropriate Appendices and Schedules;
- The 2026 FIA [International Sporting Code](#) and its appropriate Appendices for Round 1 (where applicable);
- The current MotorSport New Zealand National Sporting Code Appendix Two Schedule A, Appendix Six, Schedule RH, and Schedule AA, and FIA Appendix J, specifically Articles 251, 252, 253, 254, FIA Appendix L, and Appendix K (where applicable); and
- The Event Supplementary Regulations issued by the Organising/Inviting Club of each Round of the Championship.

OFFICIAL RECORD OF AMENDMENTS ISSUED TO THESE ARTICLES:

MotorSport New Zealand may issue Amendments to these Articles where it is deemed necessary to amend or clarify any Article. These Amendments will be issued by the Chief Executive Officer or their representative in the form of Championship Amendments.

1. INTERPRETATIONS

In these Articles, the following expressions shall have the meanings set out in the current MotorSport New Zealand National Sporting Code, and as detailed below:

“Appendix J” “Appendix L” and “Appendix K” means the vehicle safety and specific Technical Regulations issued by the FIA.

“Championship” means the “2026 New Zealand Rally Championship” as set out in these Articles.

“Crew” means the Driver and Co-Driver of a vehicle.

“FIA” means the Fédération Internationale de l'Automobile.

“Inviting Clubs” means the MotorSport New Zealand Member Clubs organising events which also comprise rounds of regional or club events.

“Manufacturer” means the manufacturer of, or official New Zealand distributor of the make of vehicle entered in the Championship.

“Principal Driver” or **“Driver”** means the registered crew member who actually drives the competing vehicle on any Special Stage(s) of each Round.

“Rally New Zealand” or **“RNZ”** means Rally of New Zealand Ltd who have been granted the commercial and promotional rights to the Championship by MotorSport New Zealand and will represent the Inviting Clubs.

“Round” means the event at which drivers may score points towards the Championship.

“Supplementary Regulations” means so far as they are applicable to the Championship the Standing Regulations set out in Appendix Three, Schedule R to the National Sporting Code together with the Supplementary Regulations issued by the Inviting Club of each Round.

“Control Tyre” means MRF Tyres as referred to in Appendix 4 of these Articles and in accordance with Article 17 of these Articles.

2. ELIGIBILITY

2.1 All Principal Drivers competing in Category 1 must hold an R2 Grade Competition Licence or higher (except as provided for in Article 2.1.2).

(a) Under the provisions of the Trans-Tasman Visa Agreement between Motorsport Australia and MotorSport New Zealand Inc, Australian competitors holding both Motorsport Australia Rally Licences and Trans-Tasman Visas may enter the New Zealand Rally Championship and score points.

(b) Foreign participants may enter and score points in the Championship in accordance with Appendix One, Schedule L, Article 6.1.

2.1.1 All other Drivers and Co-Drivers must hold an R1 Grade competition licence or higher (except as provided for in Article 2.1.2).

2.1.2 Drivers and Co-Drivers entered in the international field of any FIA permitted event must hold an INT C-R Grade Competition Licence and a Medical Clearance Card.

2.1.3 If the Entrant is other than the driver, an Entrant's Licence is required in the name of the Entrant.

2.2 Vehicle Eligibility: The various categories of the Championship are open to the following vehicles:

2.2.1 Category 1: 4WD

(1) Vehicles eligible for Category 1 are:

- (a) FIA R5 and Rally2 vehicles complying fully with their respective FIA Technical Regulations and respective homologations.
- MotorSport New Zealand AP4 vehicles complying fully with the MotorSport New Zealand Group AP4 Technical Regulations, or Motorsport Australia AP4 vehicles complying fully with Motorsport Australia Group AP4 Technical Regulations.
- (b) Group NZ 4WD vehicles complying with MotorSport New Zealand Group NZ – National Rally Car Technical Regulations.
- (c) R4 Kit (4WD) vehicles complying with FIA R4 Kit Technical Regulations.
- (d) S2000 vehicles complying with FIA S2000 Technical Regulations.
- (e) Vehicles accepted for National Championship competition by another ASN, with final weight, restrictor size or any other performance restriction to be determined by MotorSport New Zealand.
- (2) World Rally Cars are permissible in this Category provided they:
- (a) Fully respect their FIA homologation, and
- (b) Are more than fifteen(15) years old as at 1 January 2026.
- (3) All Category 1 forced induction vehicles shall be fitted with a restrictor in compliance with the relevant Technical Regulations, with a maximum internal diameter of 34mm. FIA specification R5 and Rally2 vehicles are permitted a maximum of 32mm restrictor. Additionally, all AP4 vehicles running FIA WRF Specification fuel as specified in Article 16.1.1 must be fitted with a restrictor with a maximum internal diameter of 32mm.
- (4) It is permissible for Category 1 forced induction vehicles to install a pressure sensor on to the turbo restrictor housing for the sole purpose of controlling turbo compressor speed under the following conditions:
- (a) All the air feeding the engine shall continue to pass through the restrictor;
- (b) Maximum diameter of the sensor hole for the sensor unit is 2.0mm; and
- (c) The turbo pressure sensor shall not be situated between the restrictor minimum diameter and the rotational axis of the compressor impellor.
- (5) Vehicles originally designed and constructed to meet FIA specifications for S2000 and R5 and Rally2 vehicles shall maintain full compliance with the vehicle's FIA homologation and Technical Regulations unless issued with a MotorSport New Zealand logbook before 31 August 2014.
- (6) **Minimum weight:** This is the real weight of the vehicle, with neither Driver nor Co-Driver nor their helmets or frontal head restraints. The real weight of the vehicle will include one spare wheel, and all fluids. At no time during the event may the real weight of the vehicle weigh less than the relevant minimum weight detailed in the table below:

(i)	Vehicles manufactured prior to 1 January 1992	1230kg
(ii)	Naturally aspirated 4WD vehicles	1230kg
(iii)	AP4 specification vehicles with an uncorrected capacity of up to 1620cc	1230kg
(iv)	AP4 specification vehicles with an uncorrected capacity of between 1621cc and 1821cc	1300kg
(v)	FIA WRC, R5, Rally2, R4, R4 Kit, and S2000 vehicles	Must respect their homologated minimum weights respectively

(vi)	All other 4WD vehicles manufactured after 1 January 1992	1350kg
(vii)	Forced induction 4WD vehicles manufactured after 1 January 1992 with an uncorrected capacity of less than 1800cc	1300kg

- (1) During competition, vehicles will be weighed with the Driver and Co-Driver and their helmets and frontal head restraints inside the vehicle. When a vehicle is weighed under these conditions, an allowance of 160.0kg will be added to the relevant minimum weight listed in the table above to account for the Driver and Co-Driver and their helmets and frontal head restraints.
 - (a) When two spare wheels are carried in the vehicle, the second spare wheel must be removed before weighing.
 - (b) At no time during the competition may a vehicle weigh less than this minimum weight.
 - (c) In case of a dispute during weighing of the competing vehicle, the Driver and Co-Driver and their helmets and frontal head restraints will be removed, and the vehicle will be re-weighed. For the avoidance of doubt, the vehicle must then meet both weights (the relevant minimum weight detailed in the table above, and this weight plus 160.0kg) at all times during the remainder of the event.
- (7) All Category 1 vehicles are required to submit an [Engine Capacity Declaration Form](#) to the Championship Scrutineer prior to competing at that vehicle's first Round of the 2026 Championship.

2.2.2 Category 2: 2WD

- (1) Vehicles eligible for Category 2 are:
 - (a) FIA Group N 2WD vehicles complying with FIA Group N 2WD Regulations.
 - (b) Rally Group 4 and 5 (formerly known as R2) and R2 vehicles complying with their respective FIA Technical Regulations, and R4(2WD) cars complying with their respective FIA Technical Regulations.
 - (c) Those Front Wheel Drive (FWD) cars complying with the current MotorSport New Zealand National Sporting Code Appendix Two, Schedule A and having a maximum capacity of 2000cc corrected.

2.2.3 Category 3: Open Class 2WD for vehicles complying with the current MotorSport New Zealand National Sporting Code Appendix Two, Schedule A.

2.2.4 Category 4: Historic for vehicles compliant with:

- (1) The Technical eligibility Regulations for the FIA European Historic Sporting Rally Championship for which a Historic Technical Passport (or equivalent) is required; or
- (2) The Historic Technical eligibility regulation for Sporting Rallies of the ASN of the competitor for which a Historic Technical Passport (or equivalent) issued by the ASN is required; or
- (3) MotorSport New Zealand [Schedule RH \(Rally Historic\)](#) for which a MotorSport New Zealand Certificate of Description (COD) is required.

Note: All vehicles with alloy safety cages are specifically prohibited.

2.2.5 Category 5: Rally Challenge Trophy for vehicles compliant with the below Articles:

- (1) The vehicles eligible for Category 5 are:

- (a) **Class 5A:** 4WD cars complying with the current MotorSport New Zealand National Sporting Code Appendix Two, Schedule A. Cars complying with Article 2.2.1(1)(a), (c), (d), or (e) are not eligible for this class. However, cars complying with Article 2.2.1(1) are only eligible for this class if the Driver has not registered in Category 1 within the previous two years.
- (b) **Class 5B:** 2WD cars complying with the current MotorSport New Zealand National Sporting Code Appendix Two, Schedule A.
- (2) All 4WD forced induction vehicles in Category 5 Class 5A over 1800cc shall be fitted with a restrictor in compliance with Appendix Two Schedule A, with a maximum internal diameter of 36mm.
- (3) **Minimum weight of all Category 5 Class 5A vehicles:** This is the real weight of the vehicle, with neither Driver nor Co-Driver nor their helmets or frontal head restraints. The real weight of the vehicle will include one spare wheel, and all fluids. At no time during the event may the real weight of the vehicle weigh less than the relevant minimum weight detailed in the table below:

(i)	Vehicles manufactured prior to 1 January 1992	1230kg
(ii)	Naturally aspirated 4WD vehicles	1230kg
(iii)	Forced induction 4WD vehicles manufactured after 1 January 1992 with an uncorrected capacity of less than 1800cc	1300kg
(iv)	All other 4WD vehicles manufactured after 1 January 1992	1350kg

- (1) During competition, vehicles will be weighed with the Driver and Co-Driver and their helmets and frontal head restraints inside the vehicle. When a vehicle is weighed under these conditions, an allowance of 160.0kg will be added to the relevant minimum weight listed in the table above to account for the Driver and Co-Driver and their helmets and frontal head restraints.
 - (a) When two spare wheels are carried in the vehicle, the second spare wheel must be removed before weighing.
 - (b) At no time during the competition may a vehicle weigh less than this minimum weight.
 - (c) In case of a dispute during weighing of the competing vehicle, the Driver and Co-Driver and their helmets and frontal head restraints will be removed, and the vehicle will be re-weighed. For the avoidance of doubt, the vehicle must then meet both weights (the relevant minimum weight detailed in the table above, and this weight plus 160.0kg) at all times during the remainder of the event.

2.2.6 Category 6: Classic Rally Championship for vehicles compliant with the below Articles:

- (1) The vehicles eligible for Category 6 are:
 - (a) **Class 6A:** for 0-1300cc, two wheel drive (2WD) vehicles constructed prior to 1 January 1987.
 - (b) **Class 6B:** for 1301-1700cc, two wheel drive (2WD) vehicles constructed prior to 1 January 1987.
 - (c) **Class 6C:** for 1701cc and over, two wheel drive (2WD) vehicles constructed prior to 1 January 1987.

(2) All Category 6 vehicles must:

- (a)** Be in compliance with the provisions of the 2026 FIA International Sporting Code Appendix K with respect to international historic rallies; or
- (b)** Be in compliance with the current MotorSport New Zealand National Sporting Code Appendix Six, Schedule RH; or
- (c)** Have been in Series Production prior to 1 January 1987, with the following provisions made for modifications to such vehicles. If any provision has not been specified below, unless it is specifically noted as being “free”, it is to be considered prohibited.

(1) Engine:

- (i)** The engine may be substituted with another but must be an engine that was available prior to 1 January 1987. The engine block and head must be as per the original or substituted engine. Pistons, connecting rods, crankshafts and associated parts are free.

Explanatory note: This provision allows for – say – the transplant of a V8 into a Ford Escort provided that the V8 was obtainable prior to 1 January 1987 and retains the original type of block and head(s). It can, however, have modern pistons and connecting rods. A 16-valve 4AGE head complies with this rule but a 20-valve 4AGE head does not comply.

- (ii)** Forced induction is not allowed unless standard on that vehicle at the time of manufacture i.e. a turbocharged or supercharged engine may not be transplanted into another make or model of car. Intercoolers are only allowed if standard on that vehicle or homologated.
- (iii)** Fuel injection is not allowed unless standard on that vehicle or engine prior to 1 January 1987. An electronic system may not be substituted for a mechanical system. Variable valve timing is not allowed unless standard on that vehicle or engine prior to 1 January 1987.
- (iv)** The gearbox may be substituted with another. Gear ratios are free. Sequential and electronically activated gearboxes are prohibited.
- (v)** The differential may be substituted.
- (vi)** Brakes and suspension are free.

(2) Wheels and Tyres:

- (i)** Wheel sizes are free provided they can be housed inside the wheel arches or flares, respecting Article 2.2.6.3.ii.iii.
- (ii)** Tyres must comply with the provision of the current MotorSport New Zealand National Sporting Code Appendix 2 Schedule A, and Article 17 of these Championship Articles.

(3) Body Modification:

- (i)** In keeping with the spirit of this Category, competitors are strongly encouraged to maintain the original appearance of their vehicle.

- (ii) Body panels may be lightened in accordance with Appendix 2, Schedule A however Carbon Fibre and Kevlar are prohibited. Other light-weight modern materials that serve the same purpose as Carbon Fibre and Kevlar are prohibited.
- (iii) Wheel flares may be fitted providing they do not protrude from the original line of the body work by more than 150mm.
- (iv) Wings or other aerodynamic appendages are not permitted. "Bobtail" or boot mounted spoilers are acceptable if it can be proven to MotorSport New Zealand that these were common on the car as rallied prior to 1 January 1987.

Note: MotorSport New Zealand reserve the right to include additional vehicles (that fall outside the above provisions) into Category 6 if satisfied that the car/driver combination is in keeping with the spirit of this Category.

2.2.7 Vehicles competing in the international field of Round One (FIA Asia-Pacific Rally Championship) must be in compliance with the relevant FIA homologation. Alternatively, National Cars (those eligible for the NZRC) require an approval from MotorSport New Zealand/FIA.

2.3 Proof of Vehicle Eligibility:

2.3.1 Competitors must submit on request of the MotorSport New Zealand Championship Scrutineer, the vehicle's homologation papers (including all homologation extensions), logbook, and Certificate of Description (applicable for Historic cars). The onus of proof of a vehicle's eligibility rests with the Competitor/Entrant.

2.3.2 Any modification made to a competing vehicle that is not detailed in FIA Appendix J and/or a current, above listed MotorSport New Zealand Schedule as permissible for the Category in which the vehicle claims classification will render the vehicle ineligible for that Category.

2.3.3 Technical eligibility and safety equipment enquiry: Where any doubt may exist in understanding any regulation contained in these Championship Articles it will be understood that it is the Competitor's obligation to enquire as to the correct interpretation. All technical eligibility and/or safety equipment enquiries shall be submitted in writing to the Championship Scrutineer.

All enquiries should detail the Article in question and the specific subject matter. A written reply will always be given to a written enquiry. On matters of technical eligibility and/or safety compliance, a verbal statement will have no validity.

4. CHAMPIONSHIP STRUCTURE

4.1 The Championship will comprise of the following Rounds:

Round	Date	Event	Legs
1	10-12 April 2026	Rally of Otago	2
2	31 May 2026	Canterbury Rally	1
3	18 July 2026	Barry Robinson Memorial Rally Southland	1
4	22 August 2026	Hawkes Bay Rally	1
5	25-27 September 2026	International Rally of Whangarei	2
6	31 October 2026	Rally Bay of Plenty	1

4.1.1 MotorSport New Zealand reserves the right to either cancel or amend any Rounds of the Championship due to force majeure without affecting in any way its power to award any title.

4.2 Competitors may enter one of the following Categories (refer Article 2.2):

- (1) Category 1:** New Zealand Rally Championship for 4WD vehicles contested over all Rounds of the Championship.
- (2) Category 2:** New Zealand Rally Championship for FIA Group N 2WD, R1, R2 and FWD 2WD vehicles contested over all Rounds of the Championship.
- (3) Category 3:** Open Class 2WD Championship for 2WD vehicles contested over all Rounds of the Championship.
- (4) Category 4:** Historic Challenge Trophy for historic vehicles contested over all Rounds of the Championship.
- (5) Category 5:** Rally Challenge Trophy for registered vehicles contested over the first Leg of each round. Category 5 competitors shall be divided into two Classes as detailed in Article 2.2.5.
- (6) Category 6:** Classic Rally Championship for registered vehicles contested over all Rounds of the Championship. Category 6 competitors shall be divided into three Classes as detailed in Article 2.2.6.

Note: For the avoidance of doubt, only competitors in Categories 1–4 and 6 are eligible for the overall title of New Zealand Rally Champion (Driver and Co-Driver) in 2026.

4.3 Minimum numbers apply for Categories to be contested.

- (1)** The minimum number of vehicles registered to compete in Category 4 must be three or more vehicles by the Close of Entries for Round 1 of the Championship. If less than three vehicles register for Category 4 by this time, the Coordinators will request that these competitors register in another Category for which their vehicle is eligible.
- (2)** The minimum number of vehicles registered to compete in Category 6 must be six or more vehicles by the Close of Entries for Round 1 of the Championship. If less than six vehicles register for Category 6 by this time, the Coordinators will request that these competitors register in another Category for which their vehicle is eligible. Where three or less entries are received for Class 6A and/or 6B by the Close of Entries for Round 1 of the Championship, the vehicles that have registered for those categories will be moved up to the next capacity Class(es).
- (3)** In addition to Article 4.3(1) and (2) above, MotorSport New Zealand reserves the right, at its sole discretion, to reallocate any vehicle to an alternative, appropriate Category if less than three entrants, or six entrants for Category 6, are registered for a Category by the Close of Entries for Round 1 of the Championship.

5. CHAMPIONSHIP REGISTRATION

- 5.1** Competitors must make application to compete in the Championship by completing the [registration application form online](#). The application form, complete in all detail and accompanied by the correct fee (Article 5.2 below), must be submitted no later than two weeks prior to the first Championship Round the competitor intends to enter.
- 5.2 Fees:** The registration fees are as follows:
- (1) Category 1:** NZ\$1,350.00 incl GST.
 - (2) Category 2, 3, 4, and 6:** NZ\$900.00 incl GST.
 - (3) Category 5:** NZ\$700.00 incl GST.
- 5.3** It is possible to register for individual Rounds of the Championship at a cost per Round of \$450.00 (incl GST) for Category 1, \$300.00 incl GST for Categories 2, 3, 4, and 6 or \$250.00 incl GST for Category 5.
- 5.4** Registration of Co-Drivers will be included in the above fees. Changes of Co-Drivers will need to be notified to RNZ up to and including the commencement of Reconnaissance at the relevant Round for the Co-Driver to be eligible for points at that Round.

6 CHAMPIONSHIP ENTRY

- 6.1** Entry to each Round of the Championship (which is separate to the Championship Registration) shall be made to the Inviting Club of the Round, as specified by the Supplementary Regulations, and by their specified Closing Dates. **Any entry will not be deemed valid until payment is received.**
- 6.2** In submitting an entry for Rounds of the Championship all registered Entrants and Drivers agree to comply with these Articles, the current MotorSport New Zealand National Sporting Code including its applicable Appendices and Schedules, and the individual Event Supplementary Regulations.
- 6.3** Individual Round Entry Fees will be detailed in the Supplementary Regulations issued by the Inviting Club of each Round.

7. CONDITION OF ENTRY

- 7.1 Decals, overall breast patch, Driver's names, and competition numbers:** Entry into the Championship is conditional upon correct decal, overall breast patch, and competition number placement according to the illustrations contained in Appendix 1 of these Championship Articles. These items must remain in place for the duration of each event. It is forbidden to remove NZRC Sponsors decals once the event has started. Should a sponsor's decal be damaged during an event these decals must be reinstated at the next Service Park and are the crew's responsibility to replace. Replacement decals are available from the Championship Coordinators or their representatives on event.
- 7.1.1** All competitors entered in the international field of Round 1 shall comply with the vehicle decal requirements as detailed in the Supplementary Regulations for that event.
- 7.1.2 NZRC Sponsors Advertising (A3 / A4 / A5):** Competitors are required to fit and carry NZRC Sponsors Advertising alongside MotorSport New Zealand Championship decals. In situations, only of direct product conflict with competitor's own sponsorship, application can be made in writing to RNZ for a waiver of the requirement. Final decision around direct conflict sits solely with Rally New Zealand. If approved, a fee of \$5,000 per event is payable to the promoter. Application should be made at time of lodging an entry for each round and accompanied by the fee payable to the RNZ. Positions B4, B5, A3F and A3R are not eligible for the buy-out.
- 7.1.3 Non-Compliance:** Competitors in breach of Article 7 will be reported to the Clerk of the Course who may impose a penalty for non-compliance of \$6,000.00 per sponsor.

7.2 Promotional Requirements: All competitors must participate in any promotional activities prior to, during, and after each of the Rounds. These will be advised in Supplementary Regulations for each Round or RNZ will advise the details of any activity at least five days prior to any Round. In exceptional circumstances competitors may be granted permission to be excused from this requirement upon written application to the Clerk of the Course.

7.2.1 Competitors who finish 1st, 2nd or 3rd overall (based on the classification as at the time of the podium ceremony) for the Round, and 1st, 2nd or 3rd overall in any Category (excepting Category 5 for Rounds 1 and 5) for the Round (refer to Article 4.1), must be available to participate in the Victory Ceremony at the Podium Finish at each Round.

Note: For the avoidance of doubt, the participants in the podium ceremonies will be those competitors who have the best placing (either overall or in their Category) based on the elapsed time of those competitors (plus any applicable penalties) and not the points scored by the competitors in the Round.

7.2.2 Competitors from Categories 1, 2, 3, 4 and 6 will be required to wear MRF Tyres Podium caps supplied by the NZRC Coordinators for all Round ramp and/or podium ceremonies. Caps are to be worn in a normal manner, with the branding clearly visible to the podium audience.

7.2.3 Those competitors who finish 1st, 2nd or 3rd in each Category will be expected to attend the Championship Prizegiving at the final Round. A competitor who is unable to attend the Championship Prizegiving may be granted permission to be excused from this requirement upon written application to a Championship Coordinator.

7.2.4 Competitors shall participate in any Start or Finish Ceremony, or any ceremony or activity published by the Championship Promoter, during the published timetable applicable to that activity.

7.3 Social Media: Competitors and team members are reminded of MotorSport New Zealand's Social Media policy across any personal, team or associated social media outlet. The policy is available from the [MotorSport New Zealand website](#).

8. POINTS

8.1 As per Article 8.2, competitors registered in Categories 1, 2, 3, 4 and 6 in the Championship will score points towards the New Zealand Rally Championship, and towards their respective Category title. Only registered competitors are eligible to score points, and points shall be awarded at each Round taking into account the competitor's relative overall and Category position as applicable and without taking into account the classification of non-registered competitors.

8.1.1 Junior, Rookie, and Gold Card Points: At Rounds 1, 5 as well as any other multi-leg events, the points awarded in the Junior, Rookie, International and Gold Card Titles will be taken from the Leg One results only. Power Stage points will NOT form part of the awarded points.

8.2 Championship Points: For the overall title of New Zealand Rally Champion (Driver and Co-Driver) and each Championship Category, points will be awarded for each Round taking into account the general classification according to the following scale:

1st	25	6th	17	11th	12	16th	7
2nd	22	7th	16	12th	11	17th	6
3rd	20	8th	15	13th	10	18th	5
4th	19	9th	14	14th	9	19th	4
5th	18	10th	13	15th	8	20th	3

8.2.1 Bonus Points: In addition, for Rounds 1 and 5 only, bonus points for the overall title and for each Category will be allocated based on the results of each Leg as shown below:

1 st	7
2 nd	5
3 rd	3
4 th	2
5 th	1

- 8.3 Power Stage:** Additional points will be awarded towards the overall title and for each Category as follows (refer Article 19):

1 st	5
2 nd	4
3 rd	3

- 8.4** The overall Round winner for each Category will be the competitor with the lowest elapsed time including any penalties over the event. In the case of two or more competitors complete the event with the same elapsed time, the competitor with the fastest stage time in the opening Special Stage (excluding Super Special Stages) will be awarded the higher position. In the event of both competitors setting the same time in the opening Special Stage, the first Special Stage that can break the tie-break will be used.

- 8.5** The winners of awards for the overall Championship and Category awards, as detailed in Article 9 below, will be the competitor accumulating the highest points scored from all six Rounds of the Championship.

- 8.6** The winners of awards for Category 2, 3, 4, and 6 as detailed in Article 9 below, will be the competitor accumulating the highest points scored from four of the first five Rounds of the Championship, plus the final round of the Championship.

Explanatory note: Competitors in Categories 2, 3, 4 and 6 will drop their worst points scoring Round from any one of the first five Rounds.

- 8.7** The winners of awards for Category 5 will be the competitor(s) accumulating the highest points scored from that competitor's three best points scoring Rounds outside of the final Round, plus the final Round. The points will be allocated in accordance with the table in Article 8.2.

Explanatory note: Competitors in Category 5 will drop their worst two points scoring Rounds from any one of the first five Rounds.

- 8.8 Tiebreaks for Championship Awards:** In the event of a points tie in an award at the end of the Championship, in the first instance, the competitor with the most Round wins will be deemed the winner. Should the tie remain unbroken then 2nd, 3rd and subsequent places at all Rounds shall be deemed to take the higher placing in the relevant award.

- 8.9 Manufacturers Trophy:** This title will be awarded to the vehicle manufacturer which has gained the highest aggregate of points from all Rounds of the Championship. For each Round the qualifying vehicles will be deemed to be the first two vehicles (based on the manufacturer or brand) in the published event Seeding List, plus any vehicles from Categories 2 and 3. At each Round points will be allocated based on the overall finishing position of the first of the two manufacturer/brand selected. Bonus points will be awarded to the top five manufacturers (based on the first vehicle finishing from each manufacturer) in the combined results from Category 2 and 3 using the schedule below. Only overall Round points will apply, Leg Points and Power Stage Points will not count towards Manufacturers Trophy.

- 9.2** At the conclusion of the final Round of the Championship a series Prizegiving will be held and the following awards shall be presented:
- (1) Awards shall be presented to the top three place getters in all Categories (both Driver and Co-Driver).
 - (2) **MotorSport New Zealand Rookie Driver Award:** This title will be awarded to the Principal Driver nominated on the Championship Entry form who has gained the highest aggregate number of points on overall placings from the Championship Rounds who is registered for the Championship for the first time. Any Driver who has previously held any seeding position at any level in another country's national championship or FIA event will be deemed ineligible for this award.
 - (3) **Teams Cup:**
 - (a) **Categories 1, 2, 3, 4, 6:** This title will be awarded to the Team, nominated on the teams' entry form, which has gained the highest aggregate of points from all Rounds of the Championship. A Team shall consist of two members from Categories 1, 2, 3, 4, 6, however team members must contest both Legs of Rounds 1 and 5 to score points. Teams shall be nominated on the Championship entry form prior to the first Round entered and each competitor may be registered to one team only and may not be transferred to another team. For each Round that team members of a registered team enter, points will be allocated based on the finishing position of each member within their entered category, the sum of which becomes the Team's Round score.
 - (b) **Category 5:** This title will be awarded to the Team, nominated on the teams' entry form, which has gained the highest aggregate of points from all Rounds of the Championship. A Team shall consist of two members from Category 5 classes 5A or 5B. Teams shall be nominated on the Championship entry form prior to the first Round entered and each competitor may be registered to one team only and may not be transferred to another team. For each Round that team members of a registered team enter, points will be allocated based on the finishing position of each member within their entered category, the sum of which becomes the Team's Round score.
 - (4) **Gold Card Trophy:** This title will be awarded to the Principal Driver over the age of 65 prior to the start of the first round of the 2026 Championship and nominated on the Championship Registration Card who has gained the highest aggregate number of points on overall placings from the Championship Rounds.
 - (5) **International Driver Trophy:** This title will be awarded to the team that are non-New Zealand residents and nominated on the Championship Registration Card, who have gained the highest aggregate number of points on overall placings from the Championship Rounds. Final decision on the entrant eligibility will be determined by the NZRC Coordinators.

10. TELEVISION AND IN-CAR CAMERAS AND PROMOTIONAL FILMING:

- 10.1 In-Car Camera:** In-car camera(s) for other than private viewing or use (including social media) are permitted only:
- (1) With the written permission of the Championship Coordinators;
 - (2) Where the installation method is approved by the MotorSport New Zealand Championship Scrutineer; and
 - (3) Where only sponsor logos authorised by the Championship Promoter will be permitted within the cameras field of vision. All in-car footage must include the logos of Brian Green Property Group and MRF Tyres as a decal on the dashboard area in a size that is able to be recognised and legible throughout the vision. This includes use on social media.

- 10.2** Any competitor who has a photographer or videographer on event for either commercial or private use is required to advise the Championship Coordinators in writing five days prior to the event via info@rallynewzealand.org.nz. This footage may only be used for the competitor's use and may not be utilised to generate programming in competition with the NZRC promotional programming. All media personnel are required to comply with MotorSport New Zealand's [Media Accreditation policy](#).
- 10.3** Competitors may be offered the opportunity to provide in-car footage from their in-car camera(s) to the New Zealand Rally Championship (or its production partners) for promotional/programming purposes, in particular for use in digital media.
- 10.4** Footage from any camera fitted (whether it be for private or commercial use), must be made immediately available to the Clerk of the Course upon request, and/or to the Promoter upon request. Competitors are responsible to save a copy of all the data from that Round without modifying or deleting the data until thirty days after the finish of the Round.
- 10.5** No media, competitor, person associated with a competitor, or a team member is permitted to broadcast live from the event, or any part of the event or competition, using any format, without the written permission of the Championship Coordinators.
- 10.6** Unless homologated by the FIA, the fitting of cameras to helmets is strictly prohibited.

11. SEEDING, STARTING INTERVALS AND LATENESS

- 11.1 Seeding for Rounds:** The start order (Seeding) shall be established in the following sequence, but subject to the provisions contained in Article 11.2:
- 11.1.1** At all Rounds, Drivers will be seeded on merit and in accordance with the Supplementary Regulations published for the event.
- 11.1.1.1** The overall Champion of the previous year will carry number one(1) at all Rounds except those affected by Article 11.2. This applies only while that Champion is entered that Round in Category 1. If the defending Champion has not entered by that Round's Close of Entries, number one(1) will be carried by the top seed.
- 11.1.2** The time for the publication of the Start List, after approval by the Stewards, must be published in the Supplementary Regulations.
- 11.2 Seeding for Round 1:** The Inviting Club is obliged by the 2026 FIA International Sporting Code and its Appendices to seed their event in accordance with the prescriptions of the FIA and the Supplementary Regulations for the event. The Start Order shall be as close as practicable to Article 11.1 above but subject to the 2026 FIA General Prescriptions where applicable.
- 11.3 Lateness for Events:** Any lateness incurred in any one Leg will not be carried over to any further Legs for the sole purpose of Leg points. Lateness from all Legs combined will be incurred and apply to the Round result.
- 11.4** For subsequent Legs, the highest placed competitor from Leg One will be seeded first on the road followed by the remainder of the field seeded based on their results from the previous Leg but subject to the discretion of the Clerk of the Course who may adjust the start order on the grounds of safety.
- 11.5 Starting Intervals:** Where a Clerk of the Course can reasonably expect the event will experience conditions where visibility may be reduced due to environmental conditions, the start interval for vehicles with Start Order 1 to 15 (inclusive) may be increased to two minutes on any Special Stage where this increased start order is being implemented. Notification will be given to the Crews at the start control of the Special Stage(s) affected.
- 11.5.1** At Round 1 competitors in the FIA event and seeded by the FIA will have starting intervals as per the 2026 FIA General Prescriptions.

12. REJOINING

- 12.1** A competitor who fails to finish a Leg may, at the discretion of the Clerk of the Course, restart at the next Service Park (if applicable), the next Leg of that Round (if applicable) or at the Power Stage (if applicable).
- 12.1.1** This will apply to any competitor who has been excluded on the grounds of exceeding the latest allowable limit or has failed to report to a Control but will not apply where the car has been excluded for breach of eligibility requirements, traffic infringements or by decision of the Clerk of the Course or the Stewards.
- 12.1.2** A competitor who fails to finish any Leg shall not accrue any points for that Leg except for any points awarded for a Power Stage.
- 12.1.3** Re-joining at Round 1 will be subject to the Supplementary Regulations published for that event.
- 12.2** Any vehicle which fails to finish a Leg in accordance with the above may be repaired at the Competitor's discretion. The competing vehicle must retain the body shell and cylinder block as presented at the start of the Round. Prior to restarting, the vehicle must pass a safety inspection conducted by the Championship Scrutineer.
- 12.3** The Entrant must advise the Clerk of the Course of their intention to re-join the next Leg at least two hours prior to the start of the next Leg. Permission to start is at the discretion of the Clerk of the Course.

13. STAGE NOTES

- 13.1** All competitors participating in Reconnaissance will be allowed to use any stage notes embellished from stage notes used previously on that event or write fresh notes for any event.
- 13.2** At each Round, competitors participating in Reconnaissance must purchase a copy of stage notes for that event supplied by the MotorSport New Zealand's authorised stage note provider:

Provider: Rally Notes New Zealand Limited 2026

Email: sales@rallynotes.nz

Website: <https://www.rallynotes.nz/>

Note: Orders and payment for the stage notes shall be made by the competitor directly to the stage note provider.

- 13.3** The stage notes as supplied define the road that is to be used in each Special Stage. Deviation from this road will be reported to the Clerk of the Course who may impose a penalty.

14. TECHNICAL CHECKING

- 14.1** The Championship Scrutineer may require any Championship registered vehicle to be held at the end of each Leg for technical eligibility checking and/or safety inspection. A Parc Fermé will be established each day for this purpose. Competitors will only be free to remove their vehicles from the Parc Fermé after clearance is issued by the Clerk of the Course after consultation with the Championship Scrutineer.
- 14.2** The 2026 Championship will incorporate an overnight Parc Fermé following the end of Leg 1 at Rounds 1 and 5. The service time given will be notified in the Supplementary Regulations.

15. SCRUTINEERING

- 15.1** Cars in Category 1 will be required to present for eligibility checks at each Round of the Championship and are not eligible for Remote Scrutineering.
- 15.2** Categories 2, 3, 4, 5A, 5B, 6A, 6B, and 6C are eligible for Remote Scrutineering.
- 15.2.1** Only Scrutineers approved by the Championship Scrutineer as listed in the Event Supplementary Regulations shall perform the Remote Scrutineering.

- 15.3** All Championship-registered entries (including those eligible for Remote Scrutineering), must present their vehicle logbooks at Event Scrutineering for checking at all Rounds.
- 15.3.1** Upon completion of Event Scrutineering, if a vehicle is found not to comply, the Clerk of the Course may either set a deadline before which the vehicle must be made to comply pursuant to the current MotorSport New Zealand National Sporting Code, or exclude the vehicle from starting, or if appropriate, reclassify into another Category.
- 15.4 Application of Official Seals:** All vehicles must be presented for the application and/or checking of official seals which may be applied to the following components and/or assemblies of components as follows:
- Throttle butterfly housing to inlet manifold.
 - Cylinder head(s) to cylinder block. By two means, diagonally opposing corners, as to make the cylinder head irremovable without breaking the seals.
 - Turbocharger restrictor to compressor housing cover to compressor housing and turbocharger bearing body in a continuous length.
- 15.4.1** All vehicles shall be presented with the above detailed assemblies drilled and wired (minimum 3mm holes) with at least 200mm of untwisted wire for the application of the seals. It is the Competitors' sole responsibility to ensure that the applied seals remain intact for the duration of their application period as detailed in the vehicle's logbook. Failure to meet this requirement will result in the vehicle being rejected from Scrutineering and a new time allocated. Under no circumstances will Scrutineering of other competitors' vehicles be delayed due to non-compliance with this Article.
- 15.4.2** Any vehicle that has had approval for a 'C' type seal to be broken must be presented at Event Scrutineering together with the vehicle's logbook.
- 15.4.3** All 4WD forced induction vehicles that are required under these Regulations to have a turbo restrictor seal applied and have had a "B" or "C" type seal fitted must be presented at Event Scrutineering for checking and recording these seals (B seal = event only, C seal = Championship). Permission is required prior to the removal of any seal for repair or service.
- 15.4.3.1** A team member must be present with the appropriate tools to remove the necessary ducting to enable access to the restrictor for checking purposes and the application of necessary seals.
- 15.5 Removal of seals:** If for any reason, an official seal needs to be removed (e.g. for maintenance purposes) **it is essential that written authorisation be obtained from the Championship Scrutineer prior to the seal being removed.**
- 15.5.1** Where a technical inspection is required away from a Championship Round, an inspection fee of \$200.00 (incl GST) per hour (plus any travel at cost) may be applicable.
- 15.6 Marking of bodyshell and engine block:** Technical Officials may, at their discretion, make identification marks on the vehicle chassis, engine and/or transmission housings at any time. Should identification marks be made, it is the responsibility of the crew alone to see that these marks are preserved intact until the end of the Round or period specified at the time of marking in the vehicle's logbook.
- 15.7 Technical Inspections:** Post Championship Round technical inspections will be carried out immediately following each Round of the Championship unless otherwise notified by the Championship Scrutineer.

16. FUEL

- 16.1 Categories 1, 2, and 3 only:** At all Rounds (except as detailed in Article 16.2) only commercially available E10, E85, 91 Octane, 95 Octane or 98 Octane unleaded fuel or diesel complying with Appendix Two Schedule A, Part One, Article 3.9 of the current MotorSport New Zealand National Sporting Code is authorised. No blending of fuels is permitted. It is permissible to add a lubricating oil to E85 fuel for the purpose of lubricating DI pumps and injectors.
- 16.1.1** Category 1 vehicles complying with AP4, R5, S2000, or WRC specification may apply to the Championship Scrutineer to use an alternative FIA approved fuel (WRF) as designed for use in these vehicles (refer to Article 2.2.1(3)).
- 16.1.2 Categories 4, 5, and 6 only:** The use of any fuel detailed in Appendix Two Schedule A, Part One, Article 3.9 of the current MotorSport New Zealand National Sporting Code is authorised.
- 16.2** At Round 1 any vehicles entered in the international field (FIA Asia-Pacific Rally Championship) must use fuel complying with the regulations governing this competition.
- 16.3** Category 1 cars shall have a Quick Disconnect Male Coupler installed into a fuel line in an accessible safe location for the purpose of fuel testing. Either a Staubli SPT-08 Male Coupler or a Jiffy-Tite -06 3000 Series Male Coupler are acceptable.

17. TYRE RESTRICTIONS

- 17.1** Competitors in Categories 1, 2, 3, 4 and 6 must run MRF Control Tyres as detailed in Appendix 4, purchased through the Palmside online ordering portal. Tyres must be ordered two weeks prior to the start of the event and Palmside will liaise with competitors in regard to the fitting/supply of the tyres.
- 17.2 Moulded tyres:** All cars in Categories 1, 2, 3, 4 and 6 must be fitted with moulded tyres. Hand cutting or modification of the specified tread pattern is not permitted.
- 17.3 Treatment of tyres:**
- Any chemical and/or mechanical treatment of tyres is prohibited.
- Any device for heating the tyres once fitted on the rim is prohibited.
- Whether fitted on rims or not, keeping tyres in an artificially heated environment below 35°C is allowed.
- 17.4** The presence of representatives of the control tyre supplier are authorised at the stop point of the Special Stages. At that point, visual and temperature checks may be carried out and the data relating to the company's products collected. Competitors will be able to access their own data on application post-event. At each location, a Tyre Judge may check the tyres/brands on the cars. Breaching the provisions of Article 17 will incur the loss of all points already scored in the current year, and non-compliance will be penalised by the Clerk of the Course or Stewards.
- 17.5** Competitors may only carry a maximum of two spare tyres in their competition vehicle at all times except at Round 1 and 5 where the provisions of the Supplementary Regulations for those events will apply.

- 17.6** Tyres may only be changed in Service Parks and only when permitted in the Supplementary Regulations, except the one or two spare tyres carried in the competing vehicle, which (outside of Service Parks) may only be changed by the Crew using tools carried in the competing vehicle.
- 17.7** The Championship Scrutineer shall have the authority to mark all tyres carried in a competing vehicle at any Control during the event and shall have the authority to check tyre markings at any time.
- 17.8** At all times during any event the tread depth of tyres fitted on the competing vehicle must meet current New Zealand Warrant of Fitness standards. The manufacturer's control indicators may be used to determine this wear.
- 17.9** The use of the control tyre is subject to availability, and the Promoter, in consultation with the Championship Scrutineer, reserves the right to limit/amend the use of any pattern/compound for an individual event which will be advised pre-event for the affected Round.
- 17.10** The modification, marking or removal of any tyre sidewall markings is strictly prohibited.

18. COMPETITOR SAFETY

- 18.1** In all Special Stages, all competitors' safety apparel, safety harnesses and competition seats are to be in compliance with the following:
- 18.1.2** All competitors entered in the International field of Round 1 (FIA Asia-Pacific Rally Championship) shall meet the requirements of the current FIA Asia-Pacific Rally Championship Regulations and the 2026 FIA International Sporting Code Appendix J, and Appendix L Chapter III (<https://api.fia.com/regulation/category/123>).
- 18.1.3** Competitors entered in all Categories at all Rounds of the New Zealand Rally Championship shall meet the minimum safety equipment requirements as detailed in the current MotorSport New Zealand National Sporting Code Appendix Two Schedule A Part One Article 4.

19. POWER STAGE

- 19.1** At each Round the Supplementary Regulations will designate a Special Stage as a 'Power Stage'. Bonus points (both overall and in each Category) will be awarded to the competitors achieving the top five places in this Special Stage.
- 19.2** Power Stage points will be awarded as detailed in Article 8.3.
- 19.3** Points will be awarded if a competitor fails to finish the Round due to mechanical failure or exceeds their lateness allowance or is otherwise forced to withdraw, unless they have been excluded from the event as a result of a decision from the Clerk of the Course or the Stewards.
