

2020/21 Accredited Race Series

Pre 65 Race Series Accredited Series Articles Amendment

This amendment is issued under the provisions of the MotorSport NZ National Sporting Code Article 18(2) in confirmation that the following amendments, notices or points of clarification have been authorised to the text of the Supplementary Regulations of the above named event. It is recommended that in addition to retaining a copy of this bulletin all parties modify the text of the regulations according to the following:

Accredited Series Article Amendment

1. Amend Article 14 as set out in the schedule below.

1. 14 BRAKING SYSTEM

- 14.3** Front brakes are free respecting a maximum of four (4) pistons per calliper and a maximum size of 310mm for disc diameter. Rear Brakes are free respecting a maximum of two (2) pistons and a maximum size of 310mm for disc diameter. ~~No ABS or carbon / ceramic compounds are permitted.~~ Vented and cross drilled OEM and replacement disc rotors are permitted provided they are commercially available for sale from a reputable parts retailer and can be fitted without any modifications. This interpretation does not include, hi tech aftermarket Racing specific, exotic carbon metallic or similar type, disc rotors.

Note: Rule 14.5 still applies as this rule is to prevent drilling or altering the disc from its original state.

Reason: To facilitate the use of alternative brake discs.
