

2021 Race Championship Series

TOYOTA RACING SERIES Championship Technical Amendment (Schedule TRS)

This amendment is issued under the provisions of the MotorSport NZ National Sporting Code Article 18(2) in confirmation that the following amendments, notices or points of clarification have been authorised to the text of the Supplementary Regulations of the above named event. It is recommended that in addition to retaining a copy of this bulletin all parties modify the text of the regulations according to the following:

Championship Amendment

1. Amend Article 4.14 Main Dimensions as stated in the schedule below.
-

1. **Item One:** Replace existing Schedule TRS Article 4.14(4) as follows. The original 4.14(4) no longer applies.

4.14 (4) All measurements of height shall be made with the car in 'Race trim' and with the driver on board seated in the normal driving position. If failure occurs it is permissible to inflate the Car's tyres to 19PSI and a re-measurement will be performed. New tyres inflated to 19PSI will only be permitted where a Car has suffered a puncture.

Reason:

1 To prevent running tyres at lower than recommended pressure and relying on new tyres to pass ride height checks.
